

Suspended Ceiling System

Specification Sheet

LINNA Ceiling Grid

The system comprises interlocking grid sections. Cross Tees securely engage with pre-punched slots in the Main Runners, forming a stable framework with uniform tile openings. A Perimeter Trim is installed along the room's edge to provide a clean, finished appearance.

Product Code	Description	Length	Quantity
116153	Cross Tee	0.6m	75
116163	Cross Tee	1.2m	50
116173	Main Runner	3.6m	25
116183	Perimeter Trim	3.0m	50

System – T24 Series Carrier System

Colour – RAL 9016 (Traffic White)

LINNA Ceiling Tiles

A versatile range of mineral fibre ceiling tiles. Options include square edge tiles for a flush, streamlined finish, and tegular edge tiles that introduce subtle shadow lines for added depth and visual interest. The finely-textured white surface delivers a clean, contemporary aesthetic ideal for commercial, retail, healthcare and office environments.

Product Code	Size (mm)	Edge	Quantity
116243	600 x 600	Tegular	10
116244	600 x 1200	Tegular	10
116245	600 x 600	Square	10
116246	600 x 1200	Square	10
