LINNA Access Panels

Designed for durability and a clean finish, LINNA access panels provide reliable entry points without compromising aesthetics.

- Sizes: Available in 3 standard sizes
- Finishes: Picture frame or beaded edge
- Door: Metal-faced, powder coated in RAL 9003
- Material: Galvanized steel construction with 1.0mm thick door and frame
- Testing: Not fire tested

Picture Frame

Picture framed Access Panels are designed for installation in a finished wall or ceiling. The frame is visible once installed and sits against the finished wall or ceiling.

| Product Code | Dimensions (mm) |
|--------------|----------------------|
| 291891 | 300 x 300 (pictured) |
| 292001 | 450 x 450 |
| 292051 | 600 x 600 |

Beaded Edge

Beaded framed Access Panels are designed for installation into an unfinished wall or ceiling before being plastered. This means that the frame will be concealed by the plaster.

| Product Code | Dimensions (mm) |
|--------------|----------------------|
| 291571 | 300 x 300 (pictured) |
| 291581 | 450 x 450 |
| 291591 | 600 x 600 |
